MOTION CARRIED

ANNOUNCEMENTS AND COMMUNICATIONS

Supervisor Barrett announced the Not So Common Players production of "Anyone Can Whistle" will be presented on the last weekend of April and first weekend of May.

The Supervisor announced free CPR and AED training on April 9th.

Supervisor Barrett announced Shredding Day scheduled for May 1st and Electronic Recycling Day on May 22nd, both to be held at the mall parking lot.

Councilman Hughes announced yard waste pick up began on April 1st and thanked County Waste for continuing to partner in this venture.

SARATOGA COUNTY SEWER DISTRICT

Supervisor Barrett introduced Bill Davis, Chairman of the Saratoga County Sewer District and Jim DiPasquale, Administrator of the District and reported the County Sewer District is interested in expanding their boundaries. He said he has met with both gentlemen to see what the benefits would be to the town, noting an overwhelming majority of residents wouldn't see any change but a small number might receive a benefit.

Mr. Davis discussed the possibility of expanding the County Sewer District's boundaries, stating his Board would like to have the entire county in the Sewer District. Mr. Davis reported 90 percent of the town are users and only 70 homes in Tremont Estates are not in the sewer district

and are being charged one and a half times the regular rate. He said if those 70 homes were part of the district their rates would decrease by \$85 per year. Mr. Davis said any commercial buildings built outside the sewer district as this time would be charge two and a half times the regular rate. He stated there is no charge to the town and the Sewer District would take charge of getting it all done; e.g. mapping, etc. The County Sewer District is asking the town for a resolution in support of adding the entire town to the District.

Councilman Paolucci asked if the people not currently in the district would be paying an annual tax once they come in the district. Mr. Davis stated there is no ad valorem and they would pay if connected to the system and become a user.

Councilman Paolucci asked what it would take to have the transportation corporations to fall into this as well. Mr. Davis explained they would be within the Sewer District but the District is not taking over the systems.

Mr. Davis praised Collection Systems Manager O'Brien and the work he has done with the town sewer districts.

Mr. O'Brien spoke in favor of the County expanding their boundaries.

Supervisor Barrett emphasized there will be no ad valorem charge.

Mr. O'Brien thanked Messrs. Davis and DiPasquale for all their assistance and reported everything that has been done to the systems has been done to County standards.

Mr. Davis commented no tax money is used to run the County sewer system, strictly user fees.

Supervisor Barrett said the Board will review this to make sure all the proper processes are followed but thinks it would be a benefit for the town long term.

PUBLIC PRIVILEGE ON RESOLUTIONS

No one wished to be heard.

Resolution No. 103 of 2011, a resolution authorizing the Comptroller to pay Aquatic Control Technology, Inc. for sampling and survey work performed for the Clifton Knolls Park District.

Introduced by Councilman Hughes, who moved its adoption, seconded by Councilwoman Walowit.

WHEREAS, Clifton Knolls Park District maintains the ponds at Barney Road, Beechwood Drive and Par Del Rio, and

WHEREAS, the Park District solicited proposals from engineering consultants for dredging assessments, sediment sampling and field surveys for the ponds in anticipation of dredging the clear sedimentation in the three ponds, and

WHEREAS, Aquatic Control Technology submitted the low bid in response to the Request for Proposals, and

WHEREAS, the Park District, with advice and input from Environmental Specialist Michael Montague, determined that a more narrow scope of work was appropriate for estimating the degree of sedimentation in the ponds, and

WHEREAS, Aquatic Control Technology has worked with the Park District and the Town on other projects, and has years of experience with the Clifton Knolls Ponds, and

WHEREAS, Aquatic Control Technology assessed and mapped water depth and sedimentation depth in response to the more limited scope of work at the request of the Clifton Knolls Park District; now, therefore, be it

RESOLVED, that the Town Board, as Commissioners of the Clifton Knolls Park District, authorizes the Comptroller to pay Aquatic Control Technology \$1,000 from SP 7131-135 (Clifton Knolls Park District-Engineering) for the mapping, survey and assessments performed for the Clifton Knolls Park District per the attached invoice and report.

DECLARED ADOPTED

Resolution No. 104 of 2011, a resolution authorizing Crescent Waste Treatment Corporation to expand service area in the Town of Clifton Park.

Introduced by Councilwoman Walowit, who moved its adoption, seconded by Councilman Romano.

WHEREAS, the Crescent Waste Treatment Corporation (CWTC) is a transportation corporation organized and existing pursuant to Article 10 of the Transportation Corporation Law, and

WHEREAS, Homeland Properties, LLC, Belmonte Builders and CWTC have petitioned the Board for permission to expand the CWTC service area per the attached legal descriptions, and

WHEREAS, approval of CWTC petition to expand its franchise service area will allow for the provision of sanitary sewer service to residential homes to be constructed on up to nine additional building lots as shown on Exhibit A, and

WHEREAS, the Town Board supports the extension of sanitary sewer service where possible in the interests of health, safety and well-being of the residents of Clifton Park; now, therefore, be it

RESOLVED, that the Town Board authorizes Crescent Waste Treatment Corporation to apply for the extension of their transportation corporation service area, per Exhibit A, from the Department of State for a Certificate of Amendment pursuant to Article 10 of the Transportation Corporation Law of the State of New York and Section 805 of the Business Corporation Law of the State of New York.

Supervisor Barrett noted this is the last remaining private sewer company in town with approximately 2500 users in Clifton Park and Halfmoon. The company is asking for permission to service some existing lots and lots to be developed in the Compton Road area. He said this is an addition of six possible customers.

DECLARED ADOPTED

Resolution No. 109 of 2011, a resolution awarding the contract to the lowest bidder for the purchase of a commercial flume slide to be located at the Locust Lane Town owned pool and authorizing the Comptroller to transfer funds.

Introduced by Councilwoman Walowit, who moved its adoption, seconded by Councilman Romano.

WHEREAS, bids were opened on March 17, 2011, with Recreonics Inc. submitting the low bid of \$16,055.21, and

WHEREAS, Myla Kramer, Director of Parks, Recreation and Community Affairs, has reviewed the bids and recommends that Recreonics Inc., Louisville, Kentucky, be awarded the contract, and

WHEREAS, it is necessary to transfer funds from A-7150-200 to A-7152-200 in the amount of \$6,456, and

WHEREAS, the Town has worked with Claredon Pool Service, Schenectady, New York, to install and maintain equipment at the town pools, and

WHEREAS, Claredon Pool Service has been identified as local installers capable of installing the slide and related equipment; now, therefore, be it

RESOLVED, that the bid of Recreonics, Inc. be accepted in the amount of \$16,055.21 to be paid from A-7152-200 (Locust Lane Pool-Equipment), and be it further

RESOLVED, that the Comptroller is authorized to make a budget transfer of \$6,456 from A-7150-200 (General Fund-Barney Road-Equipment) to A-7152-200 (General Fund-Locust Lane Pool-Equipment);and be it further

RESOLVED, that Claredon Pool Service, Schenectady, New York, be authorized to install the flume slide at the Locust Lane Town owned pool, as a sole source at cost not to exceed \$4,000, to be paid from A-7152-200 (Locust Lane Pool-Equipment).

Supervisor Barrett said it is hoped this will bring some members from the Barney Road pool to the Locust Lane pool. It was mentioned the Barney Road pool will be looked at in the future as the original slides are still in use.

Councilman Paolucci questioned the low bid of Recreation Supply Corp that was amended. David Bobear, Pools Operations Manager, explained the company did not read the specifications correctly and entered a “wrong” bid and 24 hours later resubmitted a bid that came in high.

Resolution No. 113 of 2011, a resolution approving an Agreement and Order with the New York State Department of Environmental Conservation.

Introduced by Councilwoman Walowit, who moved its adoption, seconded by Councilman Romano.

WHEREAS, the Town operates a recycling facility at the Clifton Park Transfer Station under a regulatory permit issued by the Department of Environmental Conservation (DEC) under Part 360 NYCRR, and

WHEREAS, the Town contracts with County Waste Recycling Service (CWRS) to provide free pick-up of grass and leaves for the residents of Clifton Park which is then recycled into usable natural compost materials, and

WHEREAS, the Department of Environmental Conservation (The Department) alleged certain operational violations of the Town's Part 360 Permit on April 28, 2009, and

WHEREAS, the Department subsequently issued a SPDES Permit for the stormwater pond at the Transfer Station based on a single sample of the pond's outflow, and

WHEREAS, the Town and CWRS have worked with the Department of Environmental Conservation to improve the compost operation and have committed to further upgrades to the stormwater discharge facilities in partial satisfaction of the alleged violations to the Part 360 and SPDES Permit for the facility; now, therefore, be it

RESOLVED, that the Supervisor is authorized to execute the attached Order and Agreement with DEC; and be it further

RESOLVED, that the Comptroller is authorized to disburse the sum of \$2,000 from A-8160-13 (General Fund-Refuse Removal) for payment to the Department of Environmental Conservation in partial satisfaction of the violations alleged by the Department as set forth in the attached order; and be it further

RESOLVED, that the Town commits to working with Trout Unlimited, the County Planning Department, DEC Fisheries staff, and their partners and consultants to fund a Habitat Improvement Project in the Dwaaskill Stream during fiscal year 2012, as outlined by Schedule C to the order.

Supervisor Barrett said this brings the process to a close. He said the town will be responsible for a \$2000 payment and an environmental benefit project. The Supervisor said the town will actively work with County Waste, the contractor on the facility, to insure the compost recycling program at the Transfer Station continues to operate at a high level. He said the town never viewed this as an enforcement case and has worked for the last two years with DEC on this matter. Supervisor Barrett stated the recycling program is a free service to all town residents. Noting that County Waste has been sold, Supervisor Barrett said nothing changes in the agreement and County Waste will continue to pay the town \$50,000 per year as per the contract and will continue to pick up yard waste from all Clifton Park residences for the next few years.

Resolution No. 115 of 2011, a resolution awarding the bid for Barney Road Golf Course Bridge Replacement.

Introduced by Councilman Romano, who moved its adoption, seconded by Councilwoman Walowit.

WHEREAS, visual inspection of the Barney Road Golf Course in late February showed that there had been a partial collapse of the pedestrian bridge over the Beechwood Pond due to severe winter weather, and

WHEREAS, McDonald Engineering assessed the bridge on March 1, 2011 and recommended the demolition and replacement of the existing bridge, and

WHEREAS, General Municipal Law Section 103 (4) authorizes the Board to declare an emergency when an unforeseen occurrence affecting public property requires immediate action which cannot await competitive bidding, and

WHEREAS, McDonald Engineering analyzed options for a replacement bridge and recommended that the Town pursue pricing options for an ADA-Compliant Floating Bridge based on environmental, regulatory and cost –effectiveness considerations, and

WHEREAS, McDonald Engineering solicited bids from three (3) companies known for floating bridge manufacturing, construction and installation, and recommends that the Town accept the bid received from The Dock Doctors, Ferrisburgh, Vermont, in the amount of \$99,990, and

WHEREAS, McDonald Engineering has analyzed the alternatives and finds the bid received to be reasonable for the product quoted; now, therefore, be it

RESOLVED, that the Town Board declares an emergency pursuant to General Municipal Law Section 103 (4), and be it further

RESOLVED, that the bid of The Dock Doctors is accepted in the amount of \$99,990, and the Supervisor is authorized to enter into a contract with The Dock Doctors in that amount, and be it further

RESOLVED, that the Comptroller is directed to transfer \$99,990 from Parkland Account to A-7190-200 (General Fund-Barney Road Golf Course); and be further

RESOLVED, that the Parkland Account will be reimbursed \$99,990 based on the operation of the Golf Course.

Supervisor Barrett said the possibility bridge replacement was taken into consideration during negotiations to purchase the golf course and McDonald Engineering put together alternatives knowing that the bridge would be an issue in the near future. Councilman Romano reviewed the three options, noting the dock is the most feasible and environmentally right. The new bridge will be six feet wide and can freeze in place in the winter. Supervisor Barrett noted the bridge is ADA compliant. Supervisor of Buildings and Grounds Handerhan reviewed costs of other options, noting this bridge is the most economical choice. Supervisor Barrett said the course will be open while the bridge is being replaced though golfers will have a longer walk.
